

# OFFROAD

SPORT-ST INTEGRATED

## OFFROAD PERFORMANCE

The ultimate e-hardtail for challenging trails. The hydroformed aluminium frame with an integrated battery ensures maximum stability, whilst the powerful motor takes you effortlessly up any incline.

### #Seamless integration

The battery is completely concealed within the frame and perfectly protected. This not only ensures a clean, uncluttered look, but also optimal weight distribution – ideal for your offroad adventures.

### #Fully customisable

Choose from a range of frame sizes, motor power ratings and tyre options – for a pedelec that perfectly suits your riding style.

High-performance  
Shimano  
mid-drive motors

Wide range  
of colours

*This e-bike is the perfect companion for challenging trails.  
Powerful, reliable and simply great fun!*

*~ Markus, a keen mountain biker ~*

## A WIDE RANGE OF OPTIONS

### Mid-engine power

Choose between two powerful mid-drive for maximum traction on steep trails and perfect performance on challenging offroad routes.

### Range of colours

From bold and sporty to stylish and understated – with our wide range of powder, dormant and wet paints, you can customise your pedelec to suit your taste.

### Optimal suspension

The sturdy frame with adjustable suspension ensures optimum traction and damping – keeping you in control.

### Additional options

Whether it's with the right mudguards, the perfect handlebars or other components – configure your offroad e-bike to suit your needs.
